Dedication

The **Pawprints** staff dedicates this 1980 yearbook to Mr. Ross D. Miller, who completes 31 years of teaching in the Northern Bedford County School District this term.

After graduating from West Chester College in 1949 with a Bachelor of Science Degree in mathematics, he began his teaching career at Replogle, where he taught eight periods of math a day to the junior and senior high school students. He even kept attendance records and rang the bell for the changing of all classes. In addition, he coached varsity baseball.

During the summer months of 1952, he attended the Pennsylvania State University and earned a Penn State Master of Education degree in counseling.

In the spring of 1963, he began teaching at the new Northern Bedford County High School building.

Mr. Miller, who is a model railroad buff, has collected model trains and visited numerous train shows. He is never too busy to show students who come by his home in New Enterprise his train set, which nearly covers the Millers' basement.

Best wishes to Mr. Miller who has earned the friendship and respect of the faculty and students of Northern Bedford.

Mr. Ross D. Miller

ATHLETICS

A large, stylized letter 'A' is formed by the word 'ATHLETICS' repeated in a grid-like pattern. The word is written in a bold, sans-serif font. The 'A' is centered in the lower half of the image. The background is dark and filled with numerous small, bright stars of varying sizes, some with prominent diffraction spikes, creating a cosmic or night sky effect. The overall composition is symmetrical and visually striking due to the high contrast between the white text and the dark, starry background.

The 1979 Panther football team had its ups and downs this season. It compiled a winning record of 5-4 with three of the four losses coming at the hands of the football teams.

First year head Coach Joe Nastasi had this to say about his team. "The '79 edition of Panther football had many unseen problems but still learned valuable lessons in discipline, preparation, sportsmanship and dedication. Both in victory and defeat the Panthers maintained a touch of class."

The track team under the coaching of Mr. Dave Potchak finished the season with a record of one win and five losses.

Best performance was in the 100 meter dash where they finished first.

and second in the shotput was Greg Replogle.

Receiving fourth at the Bellwood Invitational was junior Todd Klotz in the 800 meter run.

Sherlock returned home from Bellwood with a first place, also.

Senior pole vaulter Todd Batzel did exceptionally well this year. Todd leaped to 11'6".

"Although we were 1-5 this year, we have nothing to be ashamed of because we didn't expect to win the one we did," Coach Potchak reflected.

We were competitive in the events in which we competed. The boys gave 100 percent the whole way; they have my praise and admiration for seeing the season through to its end.

This year's senior track men included Donald Calhoun, Dale Ellis, Chris Hicks, Roland Svensson, Tim Wachter, Todd Batzel, and Greg Replogle.

The Class Of 1980

1. The first part of the document discusses the importance of maintaining accurate records of all transactions, including sales, purchases, and expenses. It emphasizes the need for a systematic approach to record-keeping, such as using a ledger or accounting software, to ensure that all financial data is properly documented and organized.

2. The second part of the document focuses on the process of reconciling bank statements with the company's internal records. It outlines the steps involved in comparing the bank's records with the company's books, identifying any discrepancies, and investigating the causes of these differences. This process is crucial for ensuring the accuracy of the company's financial statements and detecting any potential errors or fraud.

3. The third part of the document discusses the importance of regular financial reviews and audits. It highlights the need for management to periodically review the company's financial performance, including income statements, balance sheets, and cash flow statements. This review process helps in identifying trends, assessing the company's financial health, and making informed decisions about future operations and investments.

4. The fourth part of the document addresses the issue of budgeting and financial planning. It explains how a well-defined budget can serve as a roadmap for the company's financial future, helping management to allocate resources effectively, control costs, and achieve their strategic goals. The document also discusses the importance of monitoring the budget and making adjustments as needed to stay on track.

5. The fifth and final part of the document discusses the importance of maintaining accurate financial records for tax purposes. It outlines the requirements for record-keeping under various tax laws and regulations, emphasizing the need for thorough documentation of all income, deductions, and credits. Also, in October, the band traveled to Elkins, West Virginia, where it "pounded the pavement" to another first-place trophy.

The Meyersdale Maple Festival saw the Panther Marchers grab yet another honor by capturing first place over all classes of the schools participating in this parade.
